- (7) 75mmx18.3m 'ATTENTION DANGER'

ADDITIONAL PRODUCTS LIST

Aisle marking system

- (1) Heskins produces a unique aisle marking system, our system is an economical and instantly applied alternative to painting with none of the fumes and downtime associated problems. Industry standard green and yellow are used to meet EU requirements. The base is our safety-grip to ensure extreme slip resistance.

Offered in 1mx5m or 1mx10m

Fire exit markers

- (2) An instantly applied solution to ensure no items are stored in fire exit areas, available in either 1mx1m or 1mx1.5m for single or double doors. The base is our safety-grip to ensure extreme slip resistance.

Grip tape

- (3) Available in conventional format or our special aerated (micro pores to prevent air bubbles) grip tape with silicon carbide grit.

Photoluminescent tape

- (4) We now offer the photoluminescent used in our other materials as a smooth finish, self adhesive tape, roll lengths are 10m, any width is possible.

Reflective tape

- (5) The reflective tape used in our materials can now be purchased separately. Roll lengths are 10m, any width is possible available colours are: silver (white), red, blue, green, orange, yellow, black/yellow hazard and red/white hazard.

Emergency exit markers

- (6) We produce 400mmx400mm photoluminescent emergency exit markers at very competitive prices, available as either exit left, exit right or arrow.
